Dear Friends,

There was a good turnout at the Cardiac camp held this morning at the Vithola Apartments Clubhouse. This was organised by BANA in association with Narayana Health. A team of doctors was there along with support staff to carry out the diagnostic tests. A cardiologist was also available to suggest corrective action where needed. A few pictures taken on this occasion are attached.

**Best regards,
J.Krishnan**

Here are some snapshots taken on the day.
